Content	100% PVC face, polyester jersey knit backing
Finish	PreFixx® protective finish for increased stain resistance and easy cleaning. Bleach cleanable and may be disinfected with a variety of hospital grade disinfectants without discoloring or damaging the finish. Disinfection does not replace the need for regular care and maintenance. For a list of recommended disinfectants, view the Coated Fabrics Chemical Resistance Technical Bulletin located at https://www.omnova.com/product-types/coated-fabrics-upholstery/for-healthcare .

Applications

Indoor/Outdoor

- Corporate Office • Food Service • Healthcare • Hospitality and Entertainment
- Recreational Vehicles • Retail • Marine

Though our upholsteries can be used in many applications, customers are responsible for selecting an upholstery with attributes that meet the requirements of the specific end-use application – not all upholstery is suitable for all applications.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.
